Lady Lyn Sampaga

Finance Team Leader

ABS Australia

Joined PIC in 2011

What was your background to get to PIC/ABS?

I started my career as a Finance Assistant for SM City Marilao. After two years, I left SM and worked as an Accounting Associate in Nestle Business Services which gave me the opportunity to gain exposure in handling different countries within Asia. I later accepted the role of being a Senior Accountant in Veyance Technologies where I worked with US counterparts.

What have you learned from your time at PIC/ABS?

I can say that I owe to them my leadership skills. PIC/ABS helped me establish a career outside my comfort zone. They stretched me to go beyond my own limits, leading to strengthen my functional and leadership capabilities. They gave me the exposure and opportunity to work and interact with different people globally. This company brought me to places that I haven't been to, and countries that I never thought I would be able to visit.

What is your favorite part about working at PIC/ABS?

My favorite part about working here is the "at home" feeling the company emits. I feel that everyone is like a family member that really cares for me. It is truly a blessing to feel valued and trusted at the same time and this motivates me to perform at my best always. PIC/ABS taught me that work is not only about what you do but most importantly how you do it with pride and integrity.

"It is truly a blessing to feel valued and trusted at the same time and this motivates me to perform at my best always."
